

T Series

STILL THE YARD STICK FOR TRUCK SEATING

- Scissor action suspension to deliver superior weight distribution & true horizontal isolation giving you a more stable driving platform
- Real world proven durability and comfort with millions of road miles so you can ride with confidence
- Flexible cushion support system (vs pan style support system) to reduce cushion compression so you can ride longer
- Wide range of combinations to deliver you the right seat for the right job, including lopro and ultra-lopro for those height issues you need to solve
- Our patented ParaBar II manual lumbar adjustment provides continuous range of adjustment rather than two or three fixed positions, so you can achieve just the right support for you (Also available with air adjustable lumbar)

Pro Ride™

ULTIMATE COMFORT FOR THE PROFESSIONAL DRIVER

- Our exclusive Pro Ride suspension delivers the ultimate in dampening of road vibration so you don't step out as tired and fatigued from a long days run (Available as standard or lopro)
- Specially designed ergonomic cushions supported with new Flex Cushion Support system give you the ride comfort you need to keep going and enjoy the day when the haul is done
- Long 17" adjustable arm rests with large adjustment wheels to make it easy for you to get the arm support you need to drive comfortably and in control
- The two piece cushion and back provide easy access to maintain your seat and maximize the investment you are making for yourself
- Multiple seat position adjustments including cushion tilt, fore-aft thigh adjustment, and others ensure you can adjust this seat to fit your body for maximum comfort

Bostrom®
S E A T I N G

Pro Ride™

- PR Series Isolating Air Suspension
 - PR Standard with 6" Ride Zone
 - PR LoPro with 4" Ride Zone
- 9.5" Fore-Aft Track Adjustment
- Recline Adjustment with Fold-Flat Capability
- Bellows (PR Standard Suspension) or Drape (PR LoPro Suspension) Suspension Cover

- Ergonomic 21" Wide Seat Upper
- Hi or Mid Back
- PR Enhanced Flex Support Cushion Support System
- Dual Chamber Air Lumbar Support Adjustment
- Four Position Front Cushion Tilt Adjustment
- Fixed Bolster Support in Back & Cushion

- Optional Dual 17" Long Adjustable Position Armrests
- Optional Driver or Passenger Swivel
- Available in Titan Cloth or Ultra-Leather

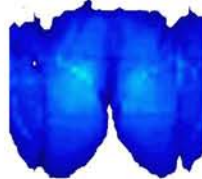

Our exclusive PR series air suspension delivers a better ride and increased stability. The wide platform and other innovations which are used in this suspension help you to feel better while driving and when you step out at the end of the day.

The combination of our Pro Ride ergonomic poly (seat foam) & Flex Support System deliver unmatched seating comfort on the Pro Ride.

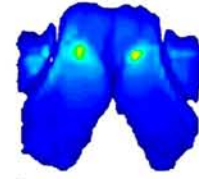

That means less discomfort and fatigue = more up time for you.

Look what happens when we compare the pressure felt by the occupant when sitting in a Pro Ride (left) to one of our key competitors (right).

Pro Ride

Low pressure on occupant - nearly uniform with low pressure across the entire cushion surface

Competitor

Note large areas of green - yellow and even reaching into red, indicating high pressure on occupant with wide variations across the seat cushion
